## PROFESSIONAL SUMMARY

---

Offensive security specialist with practical expertise in penetration testing, vulnerability assessments, and red team engagements. Skilled in Active Directory exploitation, privilege escalation, and post-exploitation techniques. Certified in CPTS (OSCP equivalent), CRTA, and ACP, with multiple CTF awards showcasing advanced problem-solving under pressure. Adept at technical reporting, combining strong Python, Bash, and OOP skills with the ability to communicate findings to both technical and non-technical audiences.

## EDUCATION

---

**B.Sc. (Engg.) in Information and Communication Technology** 2022 - Ongoing  
Islamic University Bangladesh, Kushtia, CGPA: 3.70

**HSC, Class XII** 2018 - 2020  
Dhaka Residential Model College, Mohammadpur, Dhaka, GPA: 5.00

## CERTIFICATIONS

---

- HTB Certified Penetration Testing Specialist (**CPTS**) - **OSCP** equivalent
- Certified Red Team Analyst (**CRTA**)
- APISEC Certified Practitioner (**ACP**)
- Google Cybersecurity Professional Certificate
- Certified Network Security Practitioner (**CNSP**)

## AWARDS

---

- **Champion** - Bangladesh Computer Society ICT Fest 2025 CTF
- **2nd Runner Up** - Phoenix Summit CTF 2025
- **2nd Runner Up** - BUET Inter University Capture The Flag 2024
- **2nd Runner Up** - CCAF Cyber Hackathon 2024
- **3rd Runner Up** - Bangladesh Army Cyber Raid 2025

## SKILLS

---

- Vulnerability Assessment & Penetration Testing
- Active Directory Attacks & Post-Exploitation
- Report Writing & Documentation
- Programming & Scripting: C, C++, Python, Bash, Java

## PROJECTS

---

### Active Directory Home Lab

January 2025 - Ongoing

Built and maintained a custom Active Directory lab while taking the Practical Ethical Hacking (PEH) course by TCM Security. Configured domain controllers (DCs), Group Policy Objects (GPOs), Access Control Lists (ACLs), and security configurations to replicate enterprise environments. Simulated real-world attack scenarios to practice enumeration, privilege escalation, and lateral movement techniques. Also explored essential defensive measures to prevent compromises in such environments.
